ENCLOSED INTEGRATED SPREADER SYSTEM

ENCLOSED ADDITION OF POWDER BINDERS

- Eliminates binder dust
- Built Up Areas
- Sensitive Areas e.g. schools, hospitals etc.

SPA's Enclosed Integrated Spreader System using a Wirtgen WR 2500K Mark II Reclaimer/Stabiliser gives you the edge in meeting modern work requirements.

QUALITY

- Completely automated system
- Monitored via load cells linked forward speed
- Segmental cut-offs above the spreader vane
- Accurate addition of powered binders

ENVIRONMENT

- Dusting from additive is significantly reduced

SAFETY

- SPA's Supply Tanker is a **certified pressure vessel**
- Reduced dust means reduced traffic dangers.

PRODUCTION

- No additive mat exposed to conditions means that work can proceed in inclement weather.

FOAMED BITUMEN

- World's only simultaneous addition of bitumen and dry supplementary additives.
